BOYLE COUNTY MUNICIPAL PROPERTIES CORPORATION AUDIT

Edward B. Hatchett, Jr. Auditor of Public Accounts

To the People of Kentucky
Honorable Paul E. Patton, Governor
John P. McCarty, Secretary
Finance and Administration Cabinet
Mike Haydon, Secretary, Revenue Cabinet
Honorable Tony W. Wilder, Boyle County Judge/Executive
Members of the Boyle County Fiscal Court

Independent Auditor's Report

We have audited the accompanying statement of assets, liabilities, and fund balances arising from cash transactions of Boyle County, Kentucky, as of June 30, 1999, and the related statement of cash receipts, cash disbursements, and changes in cash balances for the year then ended. These financial statements are the responsibility of the Boyle County Fiscal Court. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Boyle County Municipal Properties Corporation Fund. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for the Boyle County Municipal Properties Corporation Fund, is based solely upon the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards, <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, and the <u>Audit Guide for Fiscal Court Audits</u> issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Boyle County, Kentucky prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and laws of Kentucky. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. The cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, based upon our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances arising from cash transactions of Boyle County, Kentucky, and the related statement of cash receipts, cash disbursements, and changes in cash balances as of June 30, 1999, in conformity with the cash basis of accounting described above.

To the People of Kentucky
Honorable Paul E. Patton, Governor
John P. McCarty, Secretary
Finance and Administration Cabinet
Mike Haydon, Secretary, Revenue Cabinet
Honorable Tony W. Wilder, Boyle County Judge/Executive
Members of the Boyle County Fiscal Court

Our audit was performed for the purpose of forming an opinion on the financial statements of Boyle County, Kentucky, taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A–133, <u>Audits of States, Local Governments and Non-Profit Organizations</u>, and is not a required part of the financial statements. The information provided on the accompanying schedules is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented, in all material respects, in relation to the financial statements taken as a whole.

Based on the results of our audit, we present the accompanying findings and questioned costs, included herein, which discusses the following areas of noncompliance:

- The County Is Required To Publish Annual Settlement
- The County Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits
- Boyle County And The Department Of Transportation Should More Closely Monitor Subrecipient Expenditures Of Federal Funds

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated March 6, 2000 on our consideration of Boyle County, Kentucky's compliance with certain provisions of laws, regulations, contracts, and grants, and internal control over financial reporting.

Respectfully submitted,

Edward B. Hatchett, Jr. Auditor of Public Accounts

Audit fieldwork completed - March 6, 2000

BOYLE COUNTY NOTES TO FINANCIAL STATEMENTS

June 30, 1999

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statements of Boyle County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Based upon the criteria stated in GASB 14, management has included the Boyle County Municipal Properties Corporation and the Jail Commissary Fund as part of the reporting entity. The Boyle County Municipal Properties Corporation was audited by other auditors whose report has been included as Appendix B of the audit report.

B. Fund Accounting

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. The government uses funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts.

C. Basis of Accounting

The financial statements were prepared on a cash basis of accounting pursuant to Kentucky Revised Statute (KRS) 68.210 as recommended by the State Local Finance Officer. Consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. The cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts.

D. Legal Compliance - Budget

The Boyle County budget is adopted on a cash basis of accounting and laws of Kentucky as required by the State Local Finance Officer. The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

E. Cash and Investments

Cash includes amounts in bank accounts, and investments are stated at cost. Investments may include certificates of deposit on the financial statements; however, for the purpose of disclosing credit risk (Note 3), investments exclude certificates of deposit.

BOYLE COUNTY NOTES TO FINANCIAL STATEMENTS June 30, 1999 (Continued)

Note 1. (Continued)

E. Cash and Investments (Continued)

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

Note 2. Employee Retirement System

The county has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a multiple-employer public retirement system which covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 8.22 percent. Hazardous covered employees are required to contribute 8 percent of their salary to the plan. The county's contribution rate for hazardous employees was 18.85 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is present in the Kentucky Retirement Systems' annual financial report.

Note 3. Deposits

The county maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. The county entered into a written agreement with the depository institution and met requirements (a), (b), and (c) stated above. However, as of June 30, 1999, the collateral and FDIC insurance together did not equal or exceed the amount on deposit, leaving \$1,254,412 of public funds uninsured and unsecured.

| Total | | | | \$ | 142,789 | | |

Note 5. Lease Income

The Boyle County Municipal Properties Corporation Fund was audited by the firm of Robinson, Hughes, and Christopher, P.S.C. and has been included as Appendix B of this report. The firm's audit lists income from the Boyle County Fiscal Court of \$277,455.

Note 6. Insurance

For the fiscal year ended June 30, 1999, Boyle County was a member of the Kentucky Association of Counties' All Lines Insurance Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Tony W. Wilder, Boyle County Judge/Executive Members of the Boyle County Fiscal Court

Report On Compliance And On Internal Control
Over Financial Reporting Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of Boyle County, Kentucky, as of and for the year ended June 30, 1999, and have issued our report thereon dated March 6, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Boyle County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Boyle County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be a material weakness.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Edward B. Hatchett, Jr. Auditor of Public Accounts

Honorable Tony W. Wilder, Boyle County Judge/Executive Members of the Boyle County Fiscal Court

Report On Compliance With Requirements Applicable To Each Major Program And Internal Control Over Compliance In Accordance With OMB Circular A-133

Compliance

We have audited the compliance of Boyle County, Kentucky, with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that are applicable to its major federal program for the year ended June 30, 1999. Boyle County's major federal program is identified in the schedule of expenditures of federal awards. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of Boyle County's management. Our responsibility is to express an opinion on Boyle County's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Boyle County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Boyle County's compliance with those requirements.

In our opinion, Boyle County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 1999.

Internal Control Over Compliance

We noted a certain matter involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Boyle County's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts, and grants. The reportable condition is described in the accompanying schedule of findings and questioned costs.

 Boyle County And The Department Of Transportation Should More Closely Monitor Subrecipient Expenditures Of Federal Funds Honorable Tony W. Wilder, Boyle County Judge/Executive Members of the Boyle County Fiscal Court Report On Compliance With Requirements Applicable To Each Major Program And Internal Control Over Compliance In Accordance With OMB Circular A-133 (Continued)

Internal Control Over Compliance (Continued)

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not a material weaknesse.

This report is intended solely for the information and use of management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties. However, this report, upon release by the Auditor of Public Accounts, is a matter of public record and its distribution is not limited.

Respectfully submitted,

Edward B. Hatchett, Jr. Auditor of Public Accounts

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

BOYLE COUNTY SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Fiscal Year Ended June 30, 1999

A. SUMMARY OF AUDIT RESULTS

- 1. The auditor's report expresses an unqualified opinion on the financial statements of Boyle County.
- 2. No reportable conditions disclosed during the audit of the financial statements are reported in the Independent Auditor's Report.
- 3. No instances of noncompliance material to the financial statements of Boyle County were disclosed during the audit.
- 4. One reportable condition disclosed during the audit of the major federal awards program is reported in the Independent Auditor's Report. The condition is not reported as a material weakness.
- 5. The auditor's report on compliance for the audit of the major federal award program for Boyle County expresses an unqualified opinion.
- 6. Audit findings relative to the major federal awards programs for Boyle County are reported in Part C of this schedule.
- 7. The program tested as major program was: Intermodal Surface Transportation Efficiency Act CFDA #20.205
- 8. The threshold for distinguishing Type A and B programs was \$300,000.
- 9. Boyle County was not determined to be a low-risk auditee.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

REPORTABLE CONDITIONS

None

NONCOMPLIANCES

The County Is Required To Publish Annual Settlement

We noted that the annual financial statement for fiscal year 1999 had not been published. Per KRS 424.220, the County Treasurer is required to prepare an annual settlement and publish it within 60 days after the close of the fiscal year. We recommend compliance with KRS 424.220.

County Judge's Response:

Present fiscal year end report will be published as per statute.

The County Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits

On June 30, 1999, \$1,254,412 of the county's deposits of public funds in depository institutions were uninsured and unsecured. According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with Federal Deposit Insurance Corporation insurance, equals or exceeds the amount of public funds on deposit at all times. We recommend that the county require the depository institution to pledge or provide collateral in an amount sufficient to secure deposits of public funds at all times.

BOYLE COUNTY SCHEDULE OF FINDINGS AND QUESTIONED COSTS Fiscal Year Ended June 30, 1999 (Continued)

The County Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits (Continued)

County Judge's Response:

During the Fall of 1999 interest rates dropped and Farmers National Bank called securities which were refinanced. All securities were replaced except for one. Bank claims an oversight on their part. From this point forward, a monthly cross-check will be made on behalf of the treasurer and the bank's chief financial officer.

PRIOR YEAR FINDINGS

The County Should Have Required Depository Institutions To Pledge Additional Securities Of \$83,444 As Collateral And Entered Into A Written Agreement To Protect Deposits

The county's deposits were not adequately secured by \$83,444 as of June 30, 1998.

C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARDS PROGRAM AUDIT

Boyle County And The Department Of Transportation Should More Closely Monitor Subrecipient Expenditures Of Federal Funds

Based on our conversation with the Department of Transportation (DOT) office and supporting documentation, the Advance Payment Option was used on the Perryville Project on a trial basis. Some ISTEA funds are advanced, while others are reimbursed. Even though the Advance Payment Option was used, we are concerned about the time elapsed between receipt of these funds by the Perryville Battlefield Preservation Association (PBPA) and their expenditure (See Draw #2). We feel that Boyle County and DOT has not established adequate monitoring procedures to ensure that the subrecipient disburses their drawdowns timely. As a result, the DOT was not aware of the untimeliness of expenditures made on Draw #2. We recommend Boyle County and DOT officials more closely monitor expenditures of ISTEA funds passed through to the PBPA.

County Judge's Response:

Based on the signed agreement with the Dept. of Transportation, our designation as co-recipient carried prescribed requirements that we complied with to the letter. Our identification as sub-recipient in the auditor's report is not accurate and carries with it different responsibilities under the formal agreement. As stated in "clarification of roles" outlined in the 1994 agreement, it does not designate the Boyle County Fiscal Court as having any oversight or management role with regard to the Perryville Battlefield Preservation Assoc.

Auditor's Reply:

The subrecipient noted above refers to the Perryville Battlefield Preservation Association. Boyle County Fiscal Court is the pass-through entity. An entity receiving federal funding and passing those funds on to a subrecipient is required to comply with OMB Circular A-133 monitoring guidelines.
